and also the general NEWS OF THE WEEK,

and so arrange each that our resders can refer to either column at pleasure, and readily find any item.

We shall also introduce a department for THE LITTLE FOLKS, the articles in which will be printed in large, clear type so that our young readers can peruse them easily. We shall take much pains with this column, as we think the children of every household ought to receive special attention.

Our little readers may look out for this feature.

About the middle of September, we hope to resume the publication of
